Notes: The curriculum plan for formal education of local education system (special education excluded)

- (1) The curriculum plan for senior secondary education shall comply with Administrative Regulation No. 15/2014 amended by Administrative Regulation No. 33/2019, and the exam period at the end of each semester or term is not counted as the time of teaching activities.
- (2) "Total minutes of teaching activities conducted throughout senior secondary education level" refers to the total time of teaching activities of all the sub-subjects under the same subject code of all grades (Form 4 to Form 6) in senior secondary education throughout the academic year.
- (3) For "Chinese" subject, Putonghua must be included.
- (4) For "Chinese" subject, Putonghua can be included.
- (5) Schools can set "Natural Science" as an integrated subject, or set "Biology" and "Physics" as two independent subjects instead.
- (6) The time for "Sports and Health" teaching activities for junior secondary education must not be less than 70 minutes per week.
- (7) Schools can set "Dancing" and "Drama" in this learning domain, as well as set the corresponding time of teaching activities.
- (8) For elective subjects, schools can offer independent courses or interdisciplinary courses listed in the column of "Elective" according to students' interests and their needs for further studies at higher education institutions or entering the job market.
- (9) If leisure activities are not held on a fixed weekly schedule, please calculate the average time of leisure activities (minutes) conducted per week for this item.
- (10) Please fill in the weekly minutes of morning exercises, exercises during class break, morning reading, self-study and class meeting etc. in the column of "Other educational activities" (the time of such activities is not included in the total minutes of teaching activities conducted per week).
- (11) According to Administrative Regulation no. 15/2014, the total time for students to take part in sports activities each week shall not be less than 150 minutes, which includes "Sports and Health" lessons stated in the above chart (no less than 70 minutes per week), morning exercises, eye exercises, stretching exercises, and exercises during class breaks.
- (12) Educational activities throughout the academic year (no less than 195 school days in total) include three categories of activities: "teaching activities, "leisure activities" and "other educational activities". Of which, "Teaching activities" mainly includes classroom teaching, examination and evaluation time at the end of a semester or term.
Total number of weeks of teaching activities in an academic = total number of teaching days per academic year (excluding examination or evaluation days at the end of a semester or term) ÷ teaching days per week.

Remarks: See overleaf.

Remarks:

- (1) If a course offered in the domain of “Professional and technical” is directly related to a subject in the domain of “Cultural foundation” as mentioned in the above table, and students are offered to study the relevant content through “Professional and technical”, the school can be exempted from offering the course in “Cultural foundation” after its application was approved by the authorised entity. However, the requirement for total number of teaching time spent on the domain of “cultural foundation” must be satisfied.
- (2) The class time does not include the assessment sessions at the end of each semester. Each period lasts at least 35 minutes and at most 45 minutes.
- (3) A school may add one or more additional subjects to the domain of “Cultural foundation” according to its own educational philosophy and school characteristics, professional characteristics of the courses, needs of the society and student development. These subjects can be either compulsory or elective.
- (4) Including the content of Moral and Civic Education, Geography and History.
- (5) According to the profession of the programme, and complying with Article 9 of Administrative Regulation No.22/2021, the school shall offer relevant subjects or teaching activities with professional practice.
- (6) “Professional internships” must be carried out in an actual occupational environment, consecutively or in separate time phases. The internship work shall not exceed 8 hours per day and 40 hours per week. When the internship is carried out in separate time phases, there must be a period of time containing at least 200 hours.
- (7) If the “Leisure activities” are not carried out at a fixed time weekly, schools can indicate a weekly average time for the whole school year.
- (8) Schools can decide and arrange for the time spent on other educational activities in each school year, for activities such as professional practice, specialised arts, cultural education activities, social practice activities, camps, sports days, celebration activities, school opening, closing and graduation ceremony, school parties, etc. However, it should be reasonably arranged and coordinated with the arrangements for teaching and leisure activities. In addition, please indicate the number of minutes (per week) spent on morning exercises, inter-class exercises, morning reading, self-study, class meetings and other activities in the field of “Other educational activities” (The time spent on such activities is not counted in the total minutes spent on teaching activities weekly).
- (9) According to Article 18 of Administrative Regulation No.22/2021, students’ participation in sports activities shall be applicable to Term 5 & 6 of Article 9 of Administrative Regulation No.15/2014, which regulates the “Physical education and health” teaching activities time in the above table, including morning exercises, eye exercises, stretching exercises, inter-class exercises, etc., shall not be less than 150 minutes in total.
- (10) The school’s educational activities throughout the academic year (no less than 195 school days), specifically include three categories – “Teaching activities”, “Leisure activities” and “Other educational activities”. The “Teaching activities” mainly include classroom teaching and examinations or assessments at the end of the semester/term. The number of weeks spent on teaching activities throughout the year = the total number of school days for classroom teaching (excluding examinations or assessments at the end of the semester/term) ÷ number of school days for classroom teaching per week.
